ABOUT

Established in 2019, ForSci Consultancy Sdn Bhd combines modern innovation with a powerhouse of experience, boasting over 50 years of collective expertise in forensic investigation. We specialise in providing comprehensive site visits, meticulous technical research, and authoritative expert testimony to resolve complex industry challenges.

Our strength lies in our ability to adapt. While the industry evolves, our core values remain fixed: delivering excellent, efficient services that prioritise the needs of our clients and partners. By blending unique investigative insights with a "client-first" philosophy, ForSci ensures every report is not just a document, but a reliable foundation for decision-making.

Whether navigating dynamic innovations or high-stakes disputes, we serve as your trusted experts in uncovering the truth. ForSci Consultancy: The Forefront of Forensic Solutions

ABOUT THE SPEAKER

A seasoned expert in multidisciplinary forensic investigation, our speaker specialises in failure analysis across mechanical, electrical, and structural systems. With a proven track record in fire and explosion origin determination, he has led high-value "large loss" investigations across Asia, spanning industrial, residential, and marine environments.

Beyond the field, he is a formidable Expert Witness and litigation strategist, skilled at translating complex technical data for judicial review. A recognised industry thought leader, he frequently delivers CPD training and keynote presentations for major adjusting and insurance institutions, including General Insurance Association of Malaysia, the National Insurance Claims Society (NICS), Malaysian Insurance and Takaful Brokers Association and Thailand General Insurance Association (TGIA), shaping the standards of risk mitigation and forensic excellence regionally.

CLOSING DATE

12 March 2026, Thursday, 12:00PM

Registration is on a first-come, first-served basis, limited to a maximum of 300 participants.
